STAY CONNECTED TO YOUR SUPER ANYTIME, ANYWHERE.

Get started by downloading the Hostplus App.

To help you manage your super easily and stay connected, we invite you to download the Hostplus App and try our range of helpful features.

To help you get set up, simply follow 3 easy steps:

1 Download the Hostplus App, by simply scanning the QR Code, or opening the following link on your phone: hostplus.com.au/app/download or search for 'Hostplus' on Google Play or the Apple App Store.

Log in

Existing Hostplus members - use your Member Online member number and password.

Register your account

Register your account for the Hostplus app and Member Online.

2 Once you have installed the Hostplus App, if you have registered for online access, click **Login** and use your Member number and password to log in.

OR If you have not registered for online access, simply click on **Register Your Account** and follow the steps below:

1. Complete your details - Last name, Date of birth, Postcode.

Find your member number

Please enter your details.

Are you outside Australia?
If your current residential address is outside of Australia and you don't have a postcode, please call us on +613 9067 2500.

Last name

Date of birth

Postcode

Continue

2. A security code will be sent to your registered email.

Verify your email

We'll send a security code to the email address that we have on record for you. Please check your inbox.

j*****n@hostplus.com.au

Doesn't look right? Call us on 1300 467 875

Continue

3. Check your email and enter the security code.

Thanks

To continue, enter the security code we've sent to your email.

Didn't get a code? Resend code

Continue

4. Click on the copy image next to your member number below, click ok.

Here's your member number

Please keep this handy. You'll need it to sign in and continue setting up the app.

123456789

Continue

5. Set up your password. You're ready to sign in.

Set your password

Your password is used to access this app and your Member Online account. You'll also be able to access this app using an easy sign-in option (PIN, fingerprint ID or face ID).

Password requirements
Must be at least 7 characters, with at least one upper case letter and one number. Special characters can also be used.

We recommend choosing a password that's hard to guess and that you haven't used before. Don't use the same password across multiple apps and websites. Resetting your password here will also reset your password on your Member Online account.
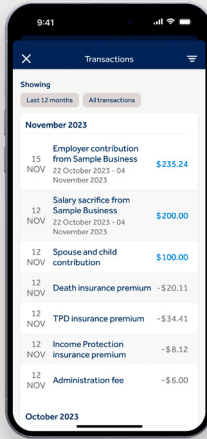

Set my password

Confirm password

Set password

For security purposes, after logging into your new Hostplus account, you will be required to set up multifactor authentication.
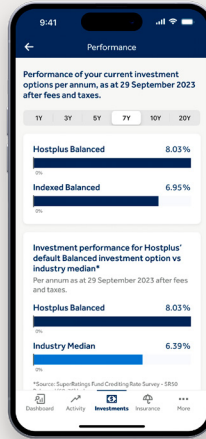

**3** You are now connected and ready to start enjoying the benefits of the Hostplus App.
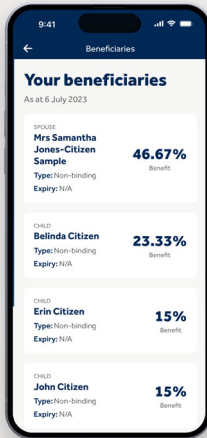

Check your account balance and transaction history.

See how your investments are performing.

Receive notifications when a contribution is made to your super account.

View your insurance details and beneficiaries.

Easily update your contact details.

Send a new employer your Hostplus details.

WE'RE HERE TO HELP.

The Hostplus Service Excellence Centre (HSEC) is available Monday to Friday, 8am-8pm AEST if you need help with the registration process. Call us on **1300 467 875**.

THAT'S A PLUS+
