

# UPLOADING DIGITAL IMAGES A QUICK GUIDE

## Getting Online

This quick guide outlines how to use the digital images we've supplied in the Getting Online Toolkit, for use on your employee-facing digital channels.

Here's what to do:

- 1** Click the Download button under the Digital Images section on the Toolkit page.  
The images are in a zipped file that will download to your computer. You can now save the images, ready to upload to your employee-facing digital channels.

- 2** The approved accompanying wording must be used with the Getting Online images to ensure that any necessary disclaimers are appropriately displayed. Remember to use the approved wording so there's a clear call-to-action. We have provided a short and long version for you to choose from:

### Short
