

Significant Event Notice.

For investors of Hostplus Pension

19 September 2022

i This Significant Event Notice (SEN) contains important updates relating to changes to the Hostplus Pension which may impact your investment and related services. Please take the time to read through the important information provided.

You're receiving this Significant Event Notice as you're invested in one or more of the following investment options.

Effective 1 July 2022, the estimated investment fees and costs and/or transaction costs for these options have materially increased:

- **Socially Responsible Investment (SRI) – Balanced**
- **Diversified Fixed Interest**
- **Property**
- **Infrastructure**

These increases are due to several factors, explained in the table overleaf.

How these fees and costs are paid

Investment fees and costs are deducted daily from gross investment earnings before the net investment returns are applied to your account. Transaction costs are incurred when we buy or sell investment assets on your behalf, as part of investing your super; these costs are not deducted from your account balance.

Why we've re-estimated your fees and costs

On 1 July each year, we're required to calculate and publish the fees and costs for all Hostplus products for the new financial year. In most cases, these fees and costs are based on actual and estimated information from the previous financial year.

The estimated investment fees and costs and/or transaction costs for the following four investment options experienced a material increase. Actual investment fees and costs and/or transaction costs can change throughout the year and may be higher or lower than these estimates.

The new estimated investment fees and costs and transaction costs, as disclosed in the current Product Disclosure Statement issued September 2022, are shown in the table below.

| Investment option | Disclosure period* | Investment fees and costs (excl performance fees) | Performance fees | Transaction costs | Total investment fees and costs | Total change | Principal reason |
|--|-------------------------|---|------------------|-------------------|---------------------------------|---------------|---|
| Socially Responsible Investment (SRI) – Balanced | Up to 30 June 2022 | 0.26% | 0.00% | 0.07% | 0.33% | | The option's strong performance has resulted in higher performance fees payable to our external investment managers. |
| | From 1 July 2022 | 0.25% | 0.11% | 0.05% | 0.41% | +0.08% | |
| Diversified Fixed Interest | Up to 30 June 2022 | 0.06% | 0.00% | 0.05% | 0.11% | | We adjusted the option's underlying investment managers. It now invests more with "active" managers, which can cost more, but which we believe can help deliver better net returns to our members over the long term. |
| | From 1 July 2022 | 0.13% | 0.00% | 0.04% | 0.17% | +0.06% | |
| Property | Up to 30 June 2022 | 0.59% | 0.04% | 0.23% | 0.86% | | The option incurred higher transaction costs (e.g. stamp duty) from some new property investments. |
| | From 1 July 2022 | 0.56% | 0.08% | 0.40% | 1.04% | +0.18% | |
| Infrastructure | Up to 30 June 2022 | 0.57% | 0.02% | 0.04% | 0.63% | | The option's strong performance has resulted in higher performance fees payable to our external investment managers. The option also incurred higher transaction costs from some new investments. |
| | From 1 July 2022 | 0.48% | 0.15% | 0.15% | 0.78% | +0.15% | |

*The disclosure period up to 30 June 2022 reflects the investment fees and costs and transaction costs disclosed in the 29 April 2022 Product Disclosure Statement. Generally, investment fees and costs and/or transaction costs are based on actual and estimated information from the previous financial year.

Please refer to the relevant Product Disclosure Statement for more details.
